Meteorologist's View

Feeling cold on the hills with passing showers in the steady northeast breeze.

Forecast for Sunday 18 Oct 2020

Weather: A rather dull morning with low cloud across the hills and some patchy rain or drizzle. Improving conditions through morning with some sunshine breaking through. Cloud thickening again from the southwest through evening bringing a spell of heavy rain with it.

Maximum wind: South 5-10mph, increasing after dark.

Chance of cloud free mountain/hill tops above 700m: 30% morning, improving 80%.

Visibility: Limited to a few kilometres at times through morning in cloud and rain but generally no issues from mid to late morning.

Temperature: **Valleys:** 7C rising 11C.
 At 700m: 5-7C.
 Freezing level: Above summits.
